

Bill E called the meeting to order at 5:05 PM and introduced Rebecca Hoffmann, the newly hired Athletic Director for Harlem High School

Secretary Report: No report.

Treasurer's report: We have \$764.00 in the savings account, with \$10.00 in checking.

There 15 individuals at the July clinic. Some suggestions for future clinic are that 4 hours is too long and it would be advantageous to have more video examples of playing situations.

Twenty-six members were present.

New Business:

In the pre-game conference, we as officials, need to ask if the visiting team if their AD has contacted the host school's AD and received written permission for the home team's athletic trainer to administer needed first aid to any of the visiting teams players. If this is not done and we, as an official, believe the injured player may have received a concussion, we can remove her/him from the set. The player cannot re-enter the match, and we must fill out a report to the IHSA.

The location of an AED should be known and who has permission use it.

Official-of-the-Year: We have never not sent a name of an official from our association. If any one has a suggestion please contact Bill E before 1 September.

Rodger T. reviewed the rules changes for this season.

We reviewed answers for the open book test for this year.

Next meeting is 15 October, a Sunday, at 5 PM.

Jane R moved to adjourn the meeting, Brucie C seconded. The meeting was adjourned at 6:39 PM.

Respectively Submitted,
Brucie C.
